RESPONSE TO RESTRICTION/ELECTION REQUIREMENT

Examiner:

Please enter the following Response in the above-identified patent application.

REMARKS

In response to the restriction/election requirement mailed on September 13, 2004, please enter the following Response. The restriction/election requirement requires Applicants to elect one of the following inventions under 35 U.S.C. § 121:

- I. Claims 1 to 30 drawn to a system for providing peritoneal dialysis to a patient, classified in class 604, subclass 29.
- II. Claims 31 to 65 drawn to a method of providing peritoneal dialysis to a patient, classified in class 128, subclass 898.

Applicants elect with traverse Group I, Claims 1 to 30.

The restriction/election requirement also requires Applicants to elect one of the following species under 35 U.S.C. § 121:

Species I, Fig. 1;
Species II, Fig. 2;
Species III, Fig. 3A;
Species IV, Fig. 3B;
Species V, Fig. 4A;
Species VI, Fig. 4B;
Species VII, Fig. 5A; and
Species VIII, Fig. 5B

Applicants elect, with traverse, species VII and VIII of Figs. 5A and 5B. Applicants are further required to list all claims readable on the elected species. Applicants respectfully submit that Figs. 5A and 5B show two different states of the system shown in Figs. 5A and 5B (see top of page 29 of application), not two different species. Notwithstanding the above-stated reason for traverse, Applicants submit that Claims 1 to 30 read on the elected species.

Applicants traverse also concerns the finding that no claims are generic. Applicants respectfully submit that the elected claims are generic with respect to many of the species designated above.

Respectfully submitted,

BELL, BOYD & LLOYD LLC
